A Message from the Superintendent

Welcome to the 2015-2016 school year! The beginning of a new school year is always exciting and this year is no exception. Remember everything we do is done for the betterment of the children in the Pike County School System. Never forget the number one factor in their achievement is you! This year, we should continue to seek opportunities to move our practices from good to great and approach them with an optimistic spirit of excellence. I look forward to working with each of you as we continue to seek points beyond.
